

Application: EpicCare Link

Affected Role: EpicCare Link users

Revision Date: 1/3/2022

Epic Version: May 2021

This tip sheet includes the steps for EpicCare Link users to view information for a specific encounter.

Try It Out

1. Log into EpicCare Link:
https://epic-ecl.trinity-health.org/EpicCareLink/common/epic_login.asp
2. Find and select the patient from the **Patient List** to open the patients chart.
3. Notice the Storyboard displays on the left side of the screen.
4. Click **Select Encounter** from the bottom of the Storyboard.

5. Select the **Hospital Chart** tab.

Note: Additional information will display on the Storyboard at the encounter-specific level.

6. Select the encounter for the date of service, as desired.
7. Click **Change Encounter** to change the encounter, as needed.
